

Directions to Severnside range

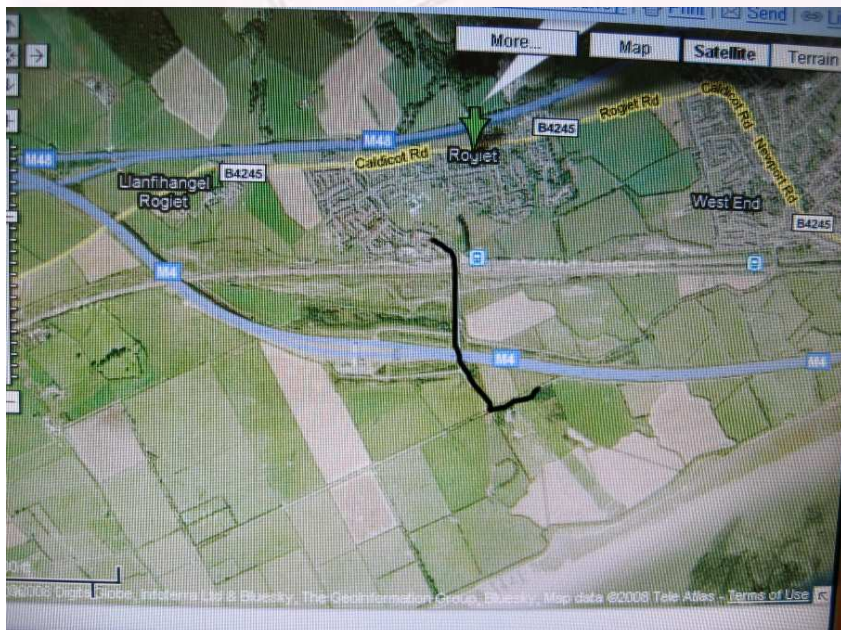

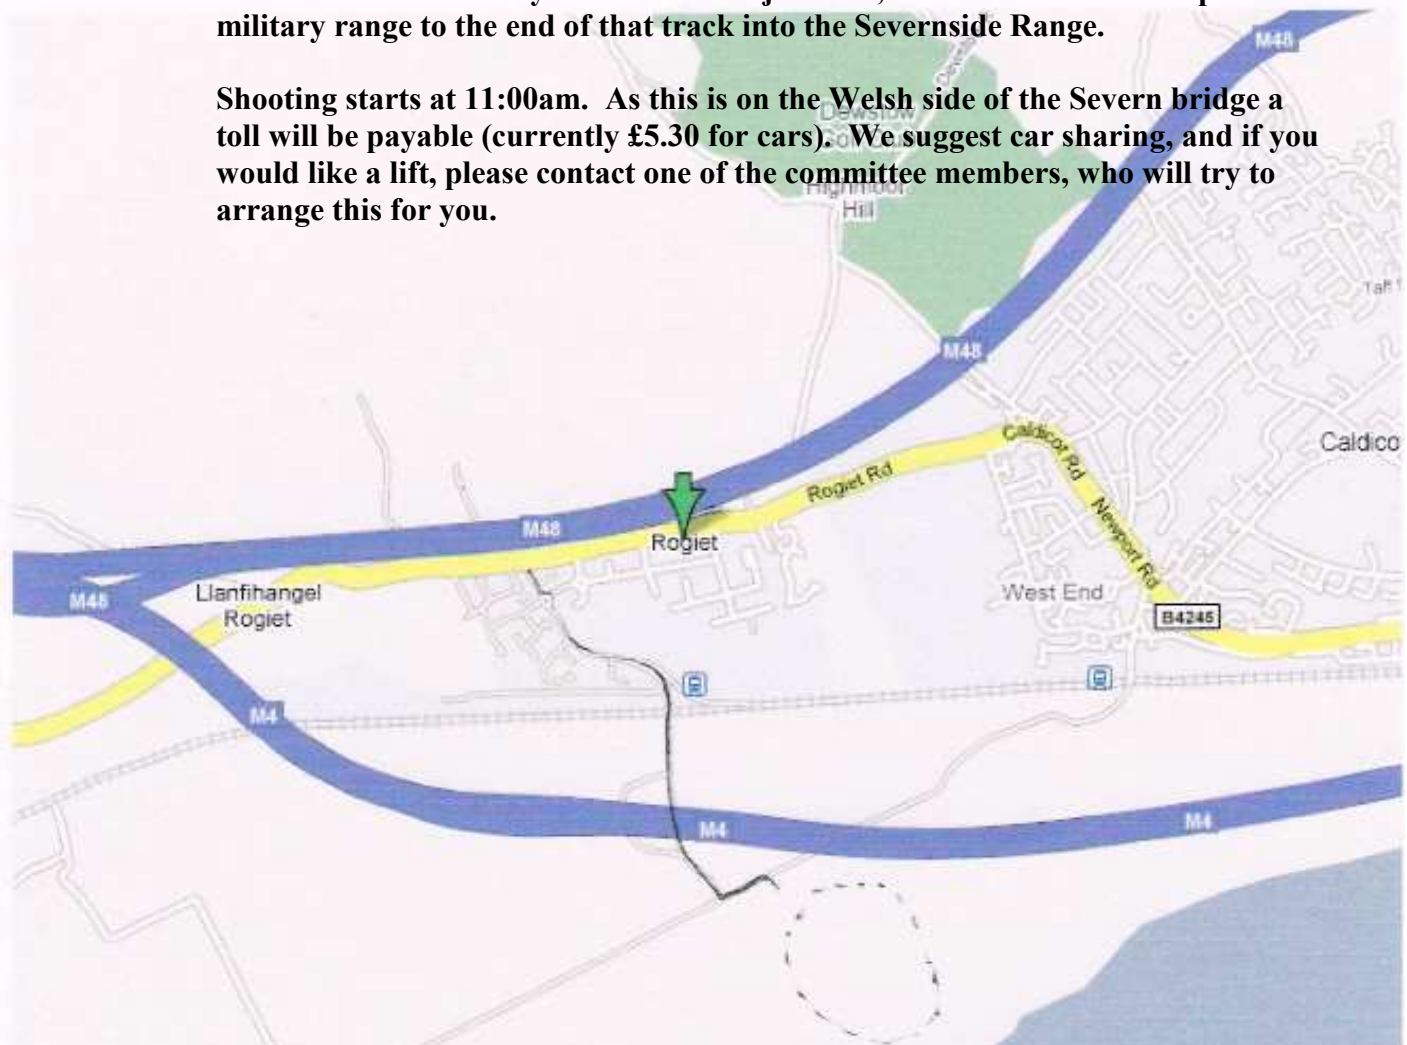

Leave the M4 at junction 23a, and turn South towards Magor on the B4245. After about 200yds, turn left towards Magor. At the roundabout, turn right, again signed towards Magor.

Go through Magor, and on into Rogiet. When you are in Rogiet, take the first turning on the right into Station Road.

Go straight across the mini roundabout and when the road splits into three, take the middle option, first over the railway and then over the M4.

At the end of this road you will find a T junction, turn left and continue past the military range to the end of that track into the Severnside Range.

Shooting starts at 11:00am. As this is on the Welsh side of the Severn bridge a toll will be payable (currently £5.30 for cars). We suggest car sharing, and if you would like a lift, please contact one of the committee members, who will try to arrange this for you.
